Space & Naval Warfare Systems Center Awards Contract

CHARLESTON -- Litton Systems Incorporated, Data Systems Division, Ocean Springs, Mississippi is being awarded a \$12,657,748 Indefinite Quantity, Fixed Price delivery-type contract to provide up to six Scaled Integrated Voice Communication System switches and ancillary systems, with the first system set for installation on the USS Enterprise (CVN-65). This system uses commercially available technology and equipment that integrates voice, data and video while interfacing with current communication systems. Work will be performed in the contractor's facility in Ocean Springs, Mississippi. The contract period is June 18, 1997 through June 17, 2000, and will initially be obligated with Navy equipment procurement funds in the amount of \$312,094. This contract was competitively procured with 37 firms solicited and five offers received. The Naval Command, Control and Ocean Surveillance Center, In-Service Engineering, East Coast Division, Charleston, S.C. is the contracting activity (N65236-97-D-5020).
